

Prior Survey, First Email

Subject: Survey on Learning Open Science and Reproducibility in Geography

You are enrolled in a course related to open geographic information science. As such, you are invited to participate in a survey to evaluate teaching and learning open science and reproducibility in geography.

First Followup, First Email

Subject: Follow-up Survey on Learning Open Science and Reproducibility in Geography

You recently participated in a workshop titled “Reproducing and Replicating Spatial Data Science”, facilitated by Joseph Holler, Peter Kedron, and Sarah Bardin.

We invite you to complete a post-workshop survey to help us assess and improve our workshop design. This survey will only remain open for one week.

First Followup, Second Email

Subject: Reproducibility and Replicability Workshop Survey Follow-up Reminder

You recently participated in a workshop titled “Reproducing and Replicating Spatial Data Science”, facilitated by Joseph Holler, Peter Kedron, and Sarah Bardin.

We invite you to complete a post-workshop survey to help us assess and improve our workshop design. This survey will close in 24 hours, and this is your final reminder.

Second Followup, First Email

Subject: Reproducibility and Replicability Workshop Survey Check-in

You participated in a workshop titled “Reproducing and Replicating Spatial Data Science”, facilitated by Joseph Holler, Peter Kedron, and Sarah Bardin one year ago.

We invite you to complete a post-workshop survey to help us assess and improve our workshop design. This survey will only remain open for two weeks.
